# How Do Founders Make Money Long Term?

You get the advantage of being a first mover. The site is built to produce steady income from every lead that comes through your link.

Each referral is tagged to you for life, meaning any purchase they make now or in the future is credited to you.

As new products and features are added to the site, your referrals will see those offers automatically, and you will earn on every sale they make.

# Why Do You Use ClickBank?

I have almost 20 years experience working with ClickBank and know their features inside out.

It is also very easy to set up for yourself and your members as there's no approval process, plus they payout at the point of sale and sales tax is taken care of.

They are by far the best platform for this type of project.

# What Happens After I Join?

You will receive instant access to the members area and you will receive regular progress updates and behind-the-scenes access as we build out the site.
